Drilling Deeper | Diversity & Inclusion – A Conference hosted by Qld Women In Quarrying Network

The IQA is proud to present the WIQ Qld Inclusion & Diversity Conference 2021 to be held at the Glen Hotel, Eight Mile Plains, on Thursday 2nd September. This year, we are **Drilling Deeper** into the topics and conversations inspired by the 2020 WIQ Conference theme **Untapped Resources** where we deliberated the technical, geological, environmental and human potential of our industry.

Diversity and Inclusion is key to tapping into the potential of human capital, which is why so many leading organisations are viewing diversity and inclusion as a business imperative....and it's not just your organisation's internal potential that's changing - your customers are too.

This year we will delve into those aspects of our industry that will enable us to continue to create a creative, resilient, inclusive and adaptable workforce. The 2021 conference **Drilling Deeper** is an opportunity to network, share experiences and learn from engaging experts in their field.

Through the WIQ network the IQA has successfully engaged 100s of people to participate in networking/education events for the first time, provided leadership opportunities for people to be engaged as speakers and on committees for the first time and profiled amazing career opportunities and leaders in the industry. We look forward to welcoming all IQA members, new faces and anyone connected to the industry to what will be a great day.

WHO WILL ATTEND?

The program is designed to motivate and inspire staff, from the frontline to the CEO by providing real examples and case studies to broaden an organisations human resources engagement, and showcase achievements of leaders to inspire the next generation.

The Qld WIQ 5th Annual Inclusion & Diversity Conference welcomes men and women at all levels within the quarrying, extractive and associated industries.

ACCOMMODATION

For those travelling, conference accommodation rates at the Glen Hotel are available. To book, please contact the hotel directly on (07) 3270 6666.
